Kim IN CRISIS!

THE TROUBLED *RHOBH* STAR IS ARRESTED AFTER A LONG NIGHT OF BOOZING.

DESPITE screaming arguments with **Lisa Rinna** in defense of her sobriety and tearful promises that she'd never drink again, sources say **Kim Richards** has been off the wagon for months. Now the *Real Housewives of Beverly Hills* star can no longer hide her ongoing drinking problem after getting arrested on April 16 following a night of downing vodka at the Beverly Hills Hotel's famed Polo Lounge. Kim was so inebriated and unruly that when asked to leave, she locked herself in a bathroom and had to be dragged out by police officers, whom she reportedly attacked. Kim, 50, was then charged with trespassing, resisting an officer, battery on a police officer and public intoxication — and, according to our spy, she's been banned from the hotel for life.

While Kim's alcoholism is an open secret on the show, insiders say the *RHOBH* producers have turned a blind eye because her drama equaled ratings. "All her weirdness was great for the show," a source explains. But it came at the expense of her health. Her fellow cast members, including her sister Kyle, have been concerned about Kim's drinking "for a long time" the insider says, adding that "Kyle's been trying to get her help, but Kim's in denial. Even after the arrest she still doesn't believe she has a problem."

In the end, it was the show itself that triggered the disastrous bender. Watching herself on the *RHOBH* reunion, "Kim realized she looked like a trainwreck, and she has a lot of unresolved emotional issues," says the source, citing financial problems, taking care of her ex-husband, Monty, who's reportedly dying, and the 1991 murder of her fiancé, John Collett. But now it's come to the surface and she lost it in front of millions of people. She needs to get off the show and into therapy." ★

Kim tried to hide her face after being released from jail. "But the world now knows she has a problem," a source says.

During the contentious *RHOBH* reunion, Eileen Davidson was just one of Kim's costars who questioned her odd behavior.

**Bad Girl

"She has a hedonistic streak, and things like Coachella really bring it out," tattles a friend.

RIHANNA'S DRUG SHAME!

WAS THE SINGER CAUGHT
RED-HANDED — AND WHITE-NOSED —
USING DRUGS AT COACHELLA?

**Sniffs, Lies &
Videotape?**

The "BBHMM" singer claims she was simply rolling a joint in the incriminating video, but the telltale tweak of her nose seems to suggest otherwise...

**THE
SHOCKING
VIDEO**

RIHANNA seems to be living up to her Instagram name, badgalriri. During her weekend at the Coachella Music Festival, a friend posted a video of what appeared to be the "Diamonds" singer snorting cocaine!

While Rihanna denied it — offering up the odd defense that she was using a *different* drug, marijuana — her friends are saying that the hard-partying pop star is doing serious damage control. "Of course Rihanna's denied using cocaine — she's in the middle of courting a big deal out of Disney to star in more of their movies! The last thing she needs right now is a scandal like this," says a pal.

Rihanna, who currently stars in the animated flick *Home*, had been trying to rehab her raunchy image by posting pics of kids. But behind the scenes, her life is anything but wholesome.

"Rihanna has always been wild and is famous for having beer for breakfast," admits the insider. "But in the past month she's been hanging with a bad crowd and has gotten a little out of control." Even her celebrity friends like **Katy Perry** can't help but cringe at Rihanna's drug use.

"I think that Rihanna always looks so fresh, and I'm like, 'How do you do that? We all know how much pot you smoke,'" the "Roar" singer told *Elle* Canada. But while Rihanna clearly enjoys being a good girl gone bad, friends worry that her passion for partying is starting to control her. "She's drinking and smoking weed way too much, but she doesn't think she has a problem," says the source. "If anyone says otherwise, she gets defensive. It's not good." ★

Thinning Out?

NICOLE RICHIE'S HAIRY SITUATION

Is **Nicole Richie** going bald? The reality star appears to be paying the price for her constant dye jobs, which have recently ranged from pale pink to vibrant turquoise and usually require her hair to be bleached first.

"Overprocessing your hair will cause breakage, split ends and possible permanent damage to the hair follicles, resulting in slow growth and thinning hair," celebrity stylist Angelo David Pisacreta of NYC's Angelo David Salon tells *Star*.

"Nicole's hairdressers have warned her about the constant dye jobs and how they would wreck her hair," says a friend, "but she didn't want to stop. Now her hair may never grow back." ★

IS KRIS

BRIBING ROB?

HER TELL-ALL TERROR!

Kim Kardashian may be taking a tough-love approach with her troubled brother, **Rob**, but their momager, **Kris Jenner**, is only enabling her spiraling son. "Kris is bribing Rob with expensive presents in hopes of keeping him quiet. Her worst fear is that he'll do a revenge tell-all," explains a family source.

"Rob has a lot of dirt and knows he could have a payday if he spills. He's hearing that he could make \$2 million!"

Desperate to stay in his good graces, *Star's* source says, Kris pays Rob \$5,000 a week in allowance plus free use of her Range Rover — and that's not all: "Rob isn't participating on *Keeping Up with the Kardashians*, but Kris still gives him \$30,000 per season out of her cut." Even though the

family agrees that drastic measures must be taken to help Rob, who has become a morbidly obese shut-in and is believed to be addicted to drugs, Kris can't stop looking out for her own interests.

"Kris really believes her son could destroy the family if he decides to spill their secrets," adds the insider.

"Rob is essentially holding his mom hostage." ★

TAYLOR'S THININTERVENTION FOR LENA!

Every woman has that one friend who loves to complain about her life — but won't do anything about it. And for **Taylor Swift**, that ranting bestie is **Lena Dunham**, who has become self-conscious of her full figure. "Lena has really confided in Taylor about her insecurities," says an unnamed pal. "And Taylor was sympathetic at first but finally got tired of Lena's constant pity party and told her that if she was so unhappy with her weight, she needed to get a trainer and do something to make a change!" Sure enough, Taylor's straight talk worked. On March 12, Lena revealed to **David Letterman** on *Late Show* that she has been focusing more on her health. "I've been on a little bit of a physical fitness kick," she explained. "Part of the reason I wanted to do it was because I was losing my breath when I walked up a stair." MISCHA'S HOMELESS!

Mischa Barton has gone from *The O.C.* to skid row after filing a lawsuit against her mother, Nuala, claiming she stole her money and locked Mischa out of her own home. "Mischa is in dire straits right now," a friend revealed to *Star*. "She's broke, homeless and begging friends for handouts." Mischa has floundered since her hit Fox show went off the air in 2007, getting more press for her DUI arrest and psych ward stint than any relevant — or high-paying — roles. "The suit against her mom is very expensive, so Mischa's been asking old costars for loans, but they have their own lives to worry about," explains the insider. "So she's been couch surfing and relying on friends to pick up at the tab at dinners." Now her inner circle is worried she's headed for another breakdown. "She feels so alone," adds the source. "In the past, Mischa turned to drugs and booze to cope, and we're hoping that doesn't happen again." ★

LEO LURKING AROUND TINDER?

LOOKIN' FOR LOVE?

Heads-up, girls: That bearded guy you swipe left on just may be an A-list celebrity! One of *Star*'s spies struck up a conversation with **Leonardo DiCaprio** at Coachella and learned that the actor is hooked on Tinder! "Leo confessed that he was using the dating app under the name Leonard," revealed the shocked source. Leo, who has a penchant for lithe blonde swimsuit models, isn't above meeting a few local ladies as well. "He said he hasn't been on any dates — yet — but is obsessed with swiping on girls and seeing who's out there," adds the source. "He said there's actually a lot of other celebs who use Tinder just for fun!" ★

IRELAND'S REHAB DRAMA

Alec Baldwin's eldest daughter, **Ireland**, deals with her emotions far better than her father does! The aspiring model revealed via Twitter that she had checked herself into a Malibu rehab center. "I'm not much [of] a party cat but I am here [to] deal with some emotional trauma and getting the intensive therapy I needed in order to recover," she tweeted from inside the SOBA Recovery Center. But sources tell *Star* that Ireland's rehab stint may not be completely related to emotional issues, as she claims. "She wouldn't want the world to know if she had a substance abuse problem," says a source. One thing is for sure: Dad **Alec** and mom **Kim Basinger** have their daughter's back. "Her parents have been extremely supportive," adds the insider. "Her mom visits her all the time, and Alec has been in touch. They are proud of her for getting the help she needs." ★

"Her makeup was all over the place, and she was screaming, being obnoxious. Everyone was staring and pointing — it seemed like she had no clue where she was!" When the baby's away, Mom will play! ★

Emma & Andrew's **SPLIT**

HE CHEATED!

He had a fling in Taiwan — and she can't forgive him.

TALK about a web of lies! *Star* has learned the reason behind **Andrew Garfield** and **Emma Stone**'s recent split — and it isn't a pretty one. "Andrew cheated on Emma with a girl in Taiwan, where he is shooting **Martin Scorsese**'s new movie," reveals a source close to the *Amazing Spider-Man* couple. "He confessed to Emma, and she was horrified. She broke up with him right away."

The couple of three years had been going through a rough patch for a while. With Andrew thousands of miles away, it had been harder for them to

communicate. And, within the past month, the source says, "Emma noticed that Andrew was acting different — more distant." When she asked him what was wrong, he tried to come up with excuses. "At first, he blamed all his stress on filming the movie," the source says, "but then he broke down." Andrew, 31, told Emma, 26, that he'd had a one-night stand with a girl he'd met at a bar. "Emma was shocked," the source says.

While Andrew insisted that the fling meant nothing, Emma couldn't find it in her heart to forgive him. "She can't trust him anymore," the source

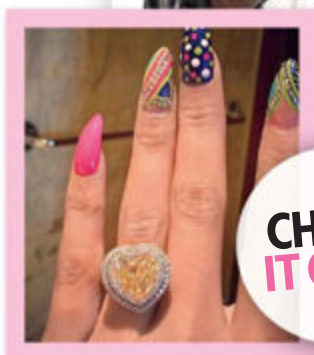

explains. "She is starting to think that there may have been other girls too. She never thought that Andrew would do this to her, and now she feels like she never really knew him."

Meanwhile, Andrew is even angrier at himself than Emma is. "He made such a big mistake," says the source, who reveals that the actor has been "drunk dialing" Emma and begging for another chance. "Andrew's inconsolable," the source says. "Emma loves him, but she's standing firm. She thinks that the fact he cheated just shows how much they needed a break." ★

Nicki & Meek ENGAGED!

The doozy of a gem **Nicki Minaj** flaunted on Instagram on April 15 — a 15-carat heart-shaped yellow diamond — seemed to say it all, and sources confirm to *Star* that the “Anaconda” singer is indeed engaged to rapper **Meek Mill**, 27. But while Nicki, 32, is ecstatic about tying the knot, her loved ones fear she’s rushing in. It was only in February that the couple went public, not long after Nicki’s breakup with her boyfriend of 12 years, **Safaree Samuels**. “Now she’s engaged to Meek after just a few short months,” says an incredulous pal. And Nicki’s new fiancé comes with a checkered past. Meek, 27 — whose real name is Robert Rahmeek Williams — served eight months in prison after being convicted in his hometown of Philadelphia on gun and drug charges in 2008 (his father was shot to death when Meek was 5). Meek was back behind bars last year after his probation was revoked in July due to numerous violations. He was released from jail last December — right into Nicki’s arms!

Jeremy & Elizabeth's SECRET ROMANCE!

Elizabeth Olsen, 26, blamed her punishing work schedule for the demise of her two-and-a-half-year relationship with actor/model **Boyd Holbrook**, 33, but sources reveal that her single *Avengers: Age of Ultron* costar **Jeremy Renner**, 44, had a role in that too. “Lizzy and Jeremy became superclose when they were filming for several weeks in London and Italy,” says the insider. “And ever since then, the two have been hanging out.” Not many friends think their liaison will last past their movie’s promotional cycle, however. Their schedules for the rest of year will keep them apart for months on end — always a challenge for a new Hollywood romance. ★

Dakota BACK WITH EX

Word was that filming and *Fifty Shades of Grey* hype put a death strangle on **Dakota Johnson**’s relationship with model and rocker **Matthew Hitt**, 27. But not so fast: The duo were spotted kissing on April 11 at The Cabin Down Below in NYC, where an onlooker says the couple looked happier than ever. “Matt and Dakota arrived at around 10 p.m. and went straight to the bar,” says an eyewitness. “The second they sat down, they were all over each other. Matt grabbed Dakota’s face, and they started kissing in front of a room full of people!” The pair left in a cab together around 2 a.m., so it’s safe to say that Dakota, 25, has Hitt back! ★

Alexis Roderick, 33, are expecting their first child together this summer!

Almost a decade after divorcing, Heather and Richie vacationed together with their daughter, Ava (left).

Richie LEANS ON HEATHER

HEAATHER LOCKLEAR and **Richie Sambora** sure have come a long way. The amicable exes, who underwent a nasty divorce in 2006, just took a family vacation to French Polynesia with their 17-year-old daughter, Ava — and insiders say it's all part of Heather helping Richie through hard times. In late March, the former Bon Jovi axeman's off-again girlfriend, fashion designer **Nikki Lund**, filed a police report claiming Richie threatened to kill her during a business dispute. This comes as Richie's solo career is languishing, two years after he left Bon Jovi amid reports of substance-abuse issues. "Heather really feels for Richie — he's struggled with getting sober, and now he's got a bull's-eye on his back because of his ex-lover and business partner," says a pal. Could this be a reconciliation? Unlikely. Heather, 53, is still in a long-term relationship with plastic surgeon **Marc Mani**, and Richie, 55, recently began dating sexy Australian rocker **Orianthi Panagaris**. "They are more like close friends and confidantes at this point in their lives," says the friend. ★

Ben & Jessa DUGGAR IN THE OVEN!

If you picked six weeks in the office pool for how long it would take **Jessa Duggar** to get pregnant after marrying **Ben Seewald**, it's time to collect! *Star* has learned that Jessa, 22, is due to give birth this fall; on April 2, an eyewitness spotted her shopping for maternity clothes at the Ross store in Rogers, Ark., and this photo was posted to the Duggar Family News blog on April 15. Our insider says that **Jill Dillard** delivering later than expected threw a wrench into the timing of the announcement. "Jill's baby Israel was given priority. Jessa and Ben just had to wait their turn," the source explains. Being from a family of 19 kids, we're guessing she's used to that! ★

That's A Bump!

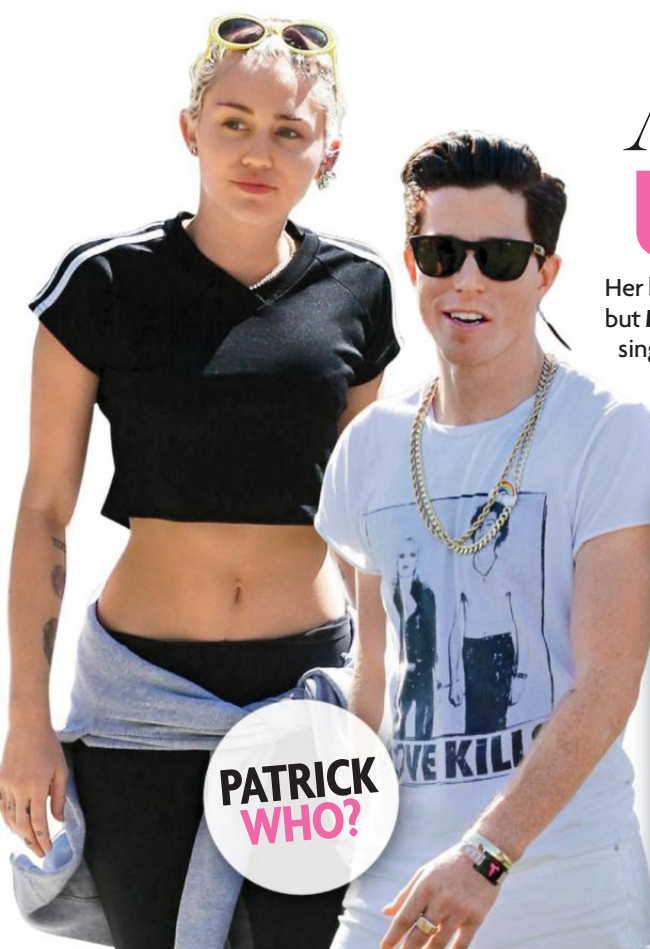

Scott To Sean: STOP FLIRTING WITH OTHER MEN!

They've been married just five months, but an informant says that former *Will & Grace* star **Sean Hayes** and husband **Scott Icenogle** have hit a rough patch — and Scott is blaming Sean's flirty ways! "This has always been a problem in their relationship," the spy reveals. "Sean loves Scott, but he's a flirt." It's such a part of 44-year-old Sean's personality that many of their loved ones were hesitant about them getting married. "Pretty much anytime Sean goes out, he's busted checking out other guys," notes the source. "He says it's innocent, but Scott is insecure. Sean's a very funny, over-the-top guy, and that's why Scott fell in love with him. He needs to relax and trust his husband!" ★

Miley HOOKING UP WITH SHAUN

Her boyfriend, **Patrick Schwarzenegger**, partied without her at Coachella, but **Miley Cyrus** isn't shedding any tears. Sources say the "Wrecking Ball" singer, 22, has been cozying up to snowboard champ **Shaun White** — and sure enough, the pair were spotted bringing new meaning to joy ride while cruising around L.A. in a convertible. (Miley's friend **Katy Weaver** was in the backseat.) "Miley kept putting her head on Shaun's arm while he was driving," says a witness. "I thought they were a couple!"

The flirty friendship couldn't come at a better time. Ever since Patrick, 21, was caught with a slew of beauties in Cabo San Lucas, Mexico, over spring break, their relationship has been on shaky ground. And though Shaun has a girlfriend, hanging out with him has helped Miley forget her troubles. "They have real chemistry," says Miley's pal. ★

Rachel McAdams TORN BETWEEN JAKE AND COLIN

A problem plenty of ladies would love to have: choosing between beefcake **Jake Gyllenhaal** and Irish rake **Colin Farrell**. As *Star* reported, **Rachel McAdams**, 36, has been seeing Jake, 34, on the sly since they filmed *Southpaw* last summer (most recently, the pair were photographed having dinner on April 12). Now sources are telling us that she's also fallin' for Colin, 38 — her costar on season two of HBO's *True Detective*. "Rachel and Colin definitely have chemistry — everyone on set has noticed," says the source. "She's a little wary of his past with women. He was quite the playboy, so she worries about taking the relationship to the next level." And as for Jake? "He'd love to be exclusive with Rachel but hasn't because he's not sure the feeling is mutual," says one of his confidantes. Ah, to be young and in a love triangle... ★

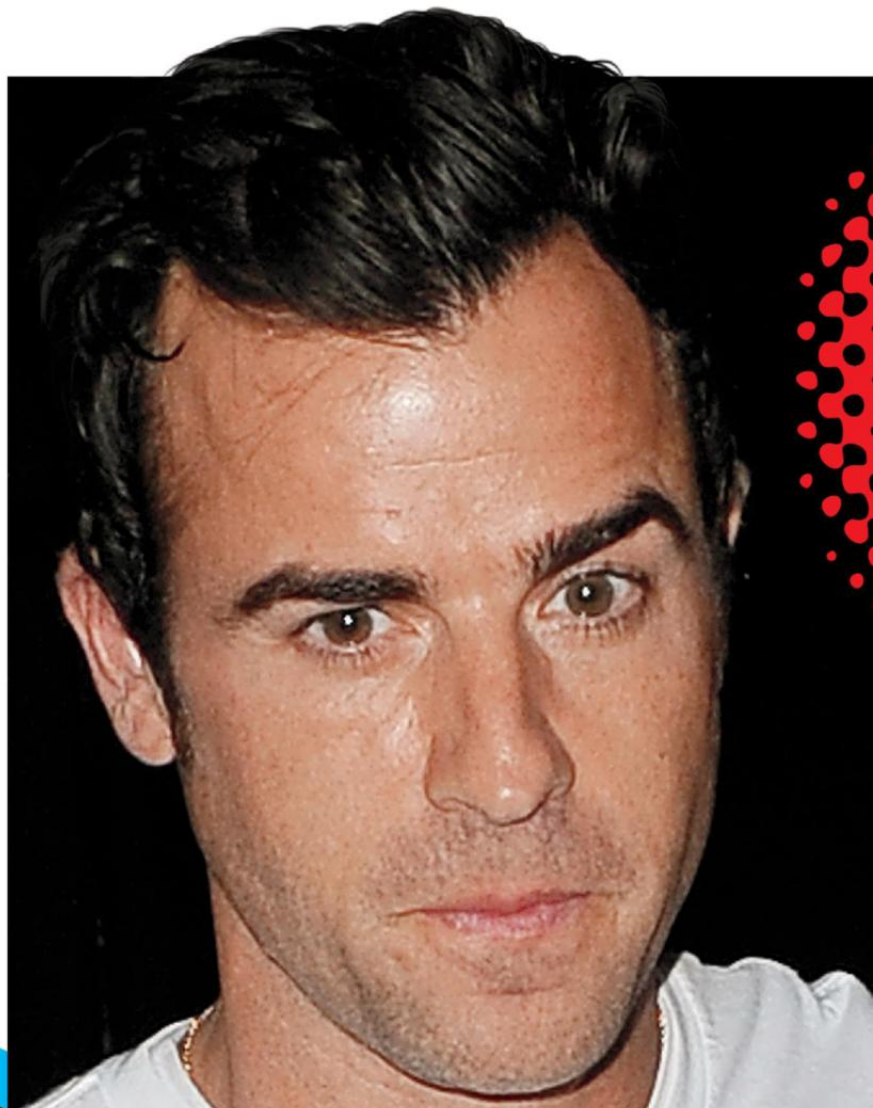

on from ex-girlfriend Jennifer Lawrence to *Glee* actress Dianna Agron!

PATRONS at Hollywood's Sunset Tower Hotel got a thrill when A-list besties **Jennifer Aniston** and **Courtney Cox** stopped by on the evening of April 8. But as the night wore on, the *Friends* stars' conversation turned mournful. "Jen seemed superemotional. She kept saying that, once again, she'd managed to mess up an important relationship," says an eyewitness seated near the pair at the hotel's restaurant. "She was talking very loudly. She said her fiancé wasn't trying hard enough to save the relationship, and she was so tired of always fighting with him."

As Jen, 46, confessed her misery over her withering relationship with **Justin Theroux**, Courtney seemed unfazed. In fact, many of the couple's close friends had been expecting a breakup announcement for some time. "Jen and Justin have been growing apart since the start of the year. They lead virtually separate lives," says one insider. "You rarely see them together anymore; it's always work, work, work. It was only a matter of time before things fell apart."

And now, it seems, things really — finally — are over for the couple. After weeks of separation, a demoralized Jen dumped her fiancé of two years during a heated phone conversation, according to sources close to the duo. And with her fairy-tale ending once again out of grasp, the heartbroken actress is left to face life all alone again — or ▶

The Wedding Is JEN

FOLLOWING MONTHS OF
RELATIONSHIP STRESS, JENNIFER
ANISTON DUMPS JUSTIN
THEROUX — RIGHT AFTER
LEARNING SHE'S PREGNANT!

Where Is The Love?

The once-blissful couple debuted Jen's spectacular diamond engagement ring on Oct. 6, 2012. More than two years later, though, they still haven't set a wedding date. "They're just not that into each other anymore," says a source. "It's a sad state."

**“She finally

— a friend tells *Star*

“Jen and Justin have always worked through their differences in the past,” says a source. “But lately, she’s felt like they’re growing apart, and Justin’s done nothing to stop it.”

Off! **DUMPS** **JUSTIN!**

All Work And No Play...

Jen and Justin used to be virtually inseparable, but his recent career upswing — starring on HBO's *The Leftovers* and writing *Zoolander 2* — has kept them apart a lot over the past year. “He has been extremely busy filming, and he hasn’t been able to give Jen as much attention as she’d like,” says a source. “She feels like he’s neglecting her, but Justin says she needs to be more supportive of his work.”

Justin will film the second season of *The Leftovers* in Texas later this spring.

ALONE AGAIN!

almost. The silver lining: After over a year of trying, it appears that the star is finally pregnant.

THE SPLIT

The couple’s conflicting schedules had driven a wedge between them in recent months. Justin, 43, has been in Rome for most of the spring filming *Zoolander 2*, which he wrote, and he’ll be in Texas soon after, shooting season two of his HBO show *The Leftovers*. “Jen is mad because Justin agreed to this schedule without talking to her about it; she feels like he’s not making her a priority,” says the insider. “They haven’t seen each other for most of April, and that’s more time than they’ve spent apart since they started dating four years ago.”

While the insider says that Justin did invite Jen to visit him in Rome, the in-demand actress said she couldn’t go because she has too many work commitments in Los Angeles. So Justin flew home on April 4 to see his fiancée for Easter — but sources say their reunion was fraught with tension. The pair spent the weekend bickering about his work schedule and their failure to set a wedding

date. “Jen wanted to set a date while he was in town, but Justin said it wasn’t practical because of their scheduling issues. He said she needs to be patient, but Jen thinks it’s already been too long,” the source says. “Being no closer to a wedding date after more than two years of engagement makes her feel like a fool.”

Before Justin headed back to Italy, Jennifer demanded that they figure out a plan soon. “She said they need to get married or have a serious talk about where their relationship is going,” the insider reveals. “But Justin shut down and refused to discuss it further. He feels like he’s under tremendous pressure, and the last thing he needs is to be nagged about is a wedding.”

A few days later, Jen and Courteney had their powwow at

the Sunset Tower Hotel, where the *Cake* star asked for advice on how to better communicate with Justin. But when Jen did confront him via phone while he was in Rome a few days later, the conversation didn’t go well. “She was in a bad mood to begin with, because he’d gone the whole day without talking to her, so when they finally spoke, she went nuts on him. She told him she’s tired of coming second to work in his life and that she can’t handle the relationship anymore,” the insider reveals. “Justin tried to calm her down, but it wasn’t working. She finally told him she didn’t want to keep up their façade anymore, and hung up.”

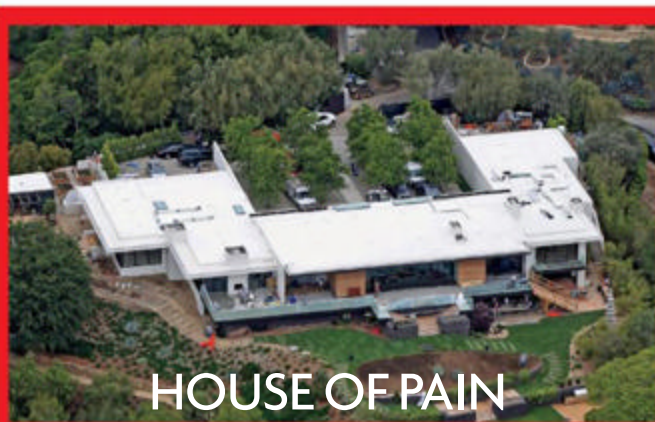

Justin felt “blindsided,” according to friends. He’d just been dumped.

AND BABY MAKES THREE?

The breakup couldn’t come at a worse time, as Jen recently received the news she’d been waiting a lifetime to hear. The actress’ closest friends are buzzing that she’s pregnant! “It’s in the very early days. Neither of them has made an announcement,” says the source. “But she’s going to keep the baby whether she’s with Justin or not.”

After years of trying to conceive only to be disappointed, Jen and Justin had all but given up hope. “She tried to convince herself that having a child isn’t the be-all and end-all, because she honestly didn’t think it would happen,” the insider adds. “But if she’s really expecting, she’d know it was absolutely meant to be.”

And while friends say Jen is vowing to raise the baby alone, Justin is determined to be part of his child’s life. “There isn’t

HOUSE OF PAIN

New Yorker Justin moved into Jen’s Bel Air mansion, even though he can’t stand L.A. “She’s tried to make it easier on him by fixing up the house; she even installed a sauna for him,” says a pal. “But it’s never been used — which just shows how rarely he’s there.”

“It’s heartbreaking... Jen really did think Justin was The One.”

— a friend tells *Star*

much he can do about Jennifer dumping him, but he’s not prepared for her to cut him out completely if there is a baby involved,” the source says. “He wanted a kid as much as she did, and it’d be devastating if she excluded him from this special moment in her life.”

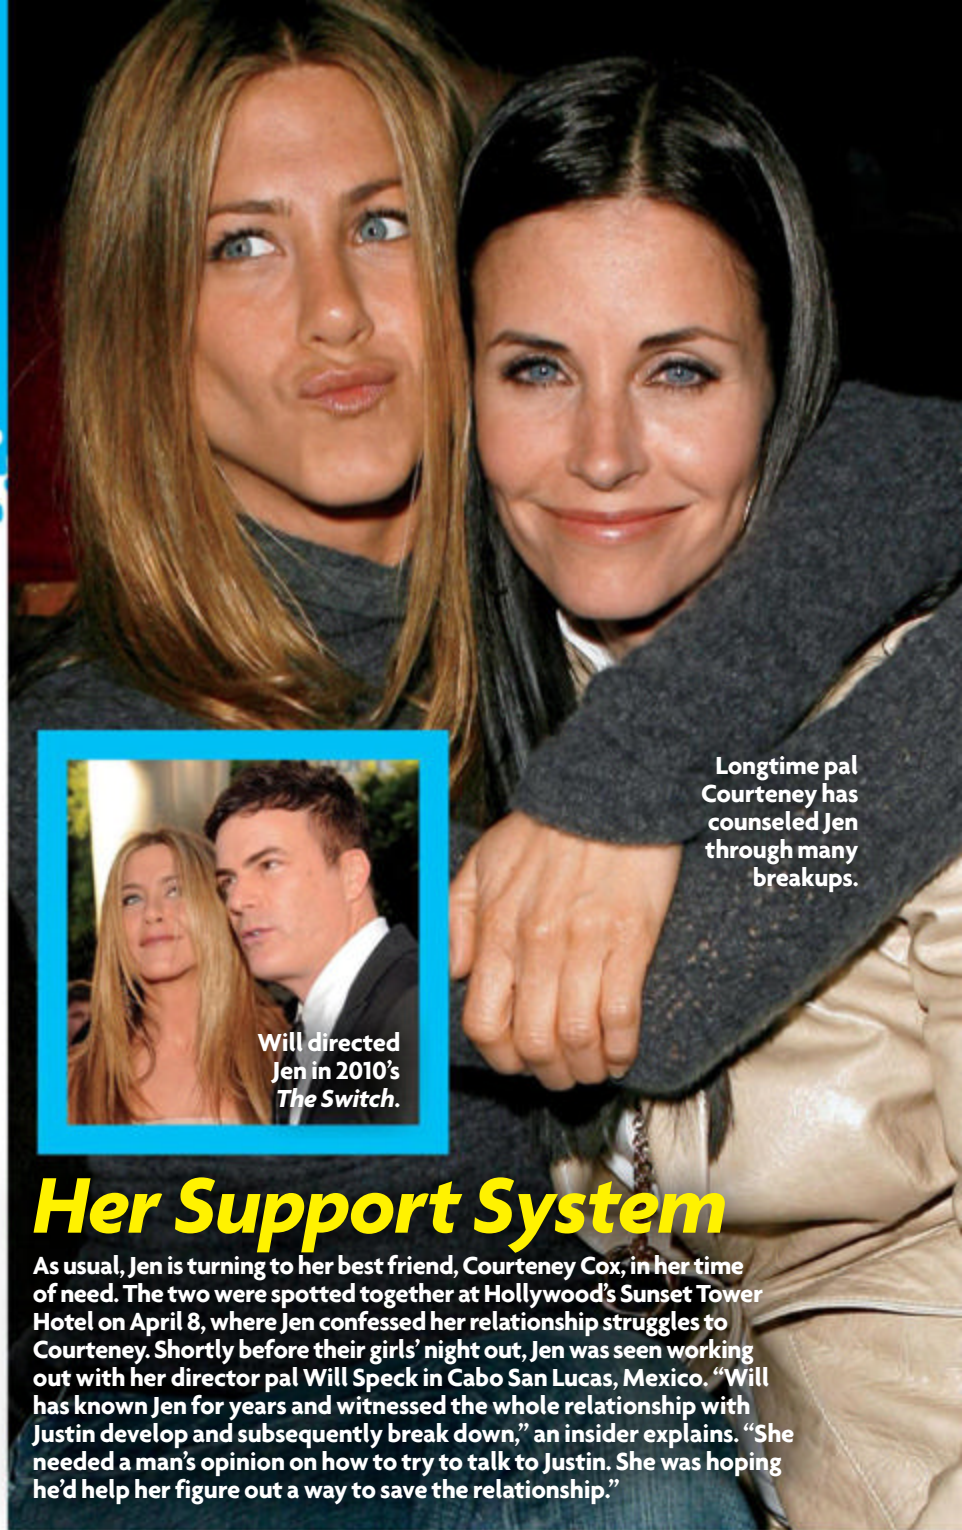

In fact, Justin has told friends that he would fight for custody if Jen refused to allow him access to his baby. “He doesn’t just want to be a weekend dad; that’s not the sort of guy Justin is. He wants to share the baby with her, but she’s so adamant their relationship is broken beyond repair, she may make it hard for him,” the insider says, adding that Justin is prepared to fight to the bitter end: “He knows about her less flattering side, which she doesn’t want the world to see. Justin’s a decent man, and he won’t talk about it if he doesn’t have to, but he will if it looks like he could lose his child.”

In the meantime, though, Jennifer is focusing on having a healthy pregnancy. “She’s determined — she’s going to do this, and no one can stop her,” says the source. “If she made amends with Justin, he would forgive her for the breakup and they could be that happy family she’s always envisioned. But it’s almost like she wants to go this alone.”

THEIR SEPARATE WAYS

Despite Jen’s apparent willingness to be independent in the wake of her split from Justin, friends say the actress is actually heartbroken. “Jen really did think Justin was The One and that everything would be smooth sailing after their engagement,” the insider explains. “She did everything she possibly could to save this relationship, but things just never got better.”

And after a long string of failed

Longtime pal Courteney has counseled Jen through many breakups.

Will directed Jen in 2010's *The Switch*.

Her Support System

As usual, Jen is turning to her best friend, Courteney Cox, in her time of need. The two were spotted together at Hollywood’s Sunset Tower Hotel on April 8, where Jen confessed her relationship struggles to Courteney. Shortly before their girls’ night out, Jen was seen working out with her director pal Will Speck in Cabo San Lucas, Mexico. “Will has known Jen for years and witnessed the whole relationship with Justin develop and subsequently break down,” an insider explains. “She needed a man’s opinion on how to try to talk to Justin. She was hoping he’d help her figure out a way to save the relationship.”

romances, she is nervous about what this latest broken engagement will do to her public image. “Jen is exhausted and can’t even begin to think of what will happen once people find out about their breakup. She is dreading the explanations,” adds the source. “It’s heartbreaking to think about.”

Still, the friend insists that Jen will emerge from this setback stronger than ever. After all, unlike Justin’s ex-girlfriend Heidi Bivens — who dated the actor/screenwriter for 14 years without

an official commitment only for him to leave her when he fell for the *Friends* star — Jen had the strength to move on when she felt like her needs weren’t being met. “And splitting up now, before getting married, is better than facing a divorce one day,” the insider points out.

That’s little consolation to Jen right now, though. “Despite her joy about becoming a mom, this is a very sad time for her,” the insider adds. “Jen is devastated.” ★

Amber's Ms. Wright

iO added fuel to Johnny's suspicions by referring to Amber as her "love" on her Tumblr feed — and posting this photo of the two of them. "It's flipping him out how close they are," says a friend.

iO Tillett Wright

I am so proud of my love Amber Heard, for her performances, for defying stereotype, and for being a strong, out bisexual woman in a world that wants her to pick a team. It's a big week for this birthday girl, and I'm so grateful to call her my family.

IT'S been just two months since **Amber Heard** and **Johnny Depp** tied the knot in an intimate ceremony on Johnny's lush private island in the Bahamas. But as she celebrated her 29th birthday at NYC's Paramount Hotel on April 17, it wasn't Amber's new husband who was whirling her around the dance floor. It was her best friend, photographer and gay-rights activist **iO Tillett Wright**.

The girls' night out was one of many Amber and iO have been spending together lately. And according to a close source, it's driving Johnny crazy with jealousy. "Johnny's had enough," says a source close to the actor, who has been in Los Angeles recovering from a wrist injury. "Instead of joining him in L.A., she's rubbing her relationship with iO in his face — and he can't handle it." Making matters worse, iO seems to be "flaunting her love" for Amber, who is openly bisexual and was dating a woman when she first met Johnny. And indeed, iO pointed out her closeness to Amber on her Tumblr feed, "I am so proud of my love Amber Heard for her performances," she posted, "for defying stereotype and for being a strong, out bisexual woman in a world that wants her to pick a team."

For Johnny — who, as Amber's husband, would like to consider himself the only member of her "team" — iO's affectionate post felt like a slap in the face. And Amber has done nothing to restore his confidence in their relationship. Staying in New York City as Johnny recovers from his injury — which was so serious it caused him to leave the Australian set of the latest *Pirates of the Caribbean* movie — Amber has been acting as though iO, not her husband, is the No. 1 person in her life. "It's like she hasn't got a care in the world," the insider adds of Amber, who cozied up to iO at the Tribeca Film Festival after party for *The Adderall Diaries* on April 16 and at a Tiffany and Co. event the night before. "Johnny finds it all very insulting, as though he's playing second fiddle to iO in Amber's life. He knew she was a free spirit, but he didn't expect their marriage to be like this."

TOO CLOSE FOR COMFORT

What infuriates Johnny most is that he’s seen this coming for a long time,” says one of his friends. The two women have been superclose since 2012. Yet, early in their relationship, he tried to get along with iO — even allowing her to live in a guesthouse on the property

he shares with Amber. Before long, however, Johnny reportedly became suspicious of the lanky photographer, worrying that she and his wife were spending way too much time together — and that their relationship may have been a lot more than platonic.

iO wound up moving out of the guesthouse, but her friendship with Amber continued to intensify. Recently, iO, who lives in Brooklyn, raised eyebrows by posting a photo of an unmade bed at the Bowery Hotel in NYC, where Amber was said to be staying. “The past and the

future on either side you can’t see,” she cryptically captioned it, “a little slice of time for us to attach our fantasy narratives to.”

When Johnny and Amber wed back in February, there had already been whispers of trouble between them.

SECRET FRIEND

A Lasting Closeness

Amber and iO (seen here in 2012) celebrated her birthday together in New York City at the *Queen of the Night* cabaret show at the Paramount Hotel. Later, they took to the dance floor with a group of female friends. “They’ve been close for a while and iO is making no attempt to hide her affection,” says a source.

A TROUBLED MARRIAGE

While Johnny doesn’t have firm evidence that Amber has been physically cheating on him with iO, he’s got good reason to be suspicious. Their marriage has been on shaky ground since the start — with Amber jetting off to England to shoot *The Danish Girl* immediately after their wedding and the two of them leading largely separate lives ever since. There

are also reports that Johnny injured his hand during an angry, drunken phone-fight with Amber. “Johnny and Amber are great while they are together, but things take a turn for the worse when they are apart,” the insider says. And that seems like an understatement. With Amber continuing to live it up with iO and making no plans to see him, Johnny’s resentment is growing by the day — but he has yet to talk things through with his new wife. “They’re barely speaking at all,” the source says. “Their whole relationship is a mess.” ★

Lamar & Khloé DIVO

WITH THE CLOCK TICKING ON THE DIVORCE PAPERS SHE FILED A YEAR AND A HALF AGO, KHLOÉ KARDASHIAN WANTS TO STAY MARRIED AFTER ALL — BUT SHE'S MOTIVATED BY MONEY, NOT LOVE.

The Miami Heat Is On

Khloé's got her eye on Lamar's Miami mansion (below), which he bought for \$3 million in 2009 while playing with the Heat, long before he met her. And she may get it by threatening to reveal a damaging secret. "In her eyes, she has no other choice but to play nasty," says an insider.

**SHE
WANTS
LAMAR'S
DIGS!**

FORCE IS OFF!

SHE filed for divorce from **Lamar Odom** nearly a year and a half ago. But if **Khloé Kardashian** doesn't follow up right away, that filing won't be worth the paper it's printed on. The reality star reportedly has until the end of April to complete all the necessary paperwork on her divorce or the case will be dismissed. And since Lamar never filed — or responded to Khloé's papers — it looks as though that's exactly what's going to happen.

For friends and fans of the couple, Khloé's inaction is puzzling.

When she initially filed — amid *Star*'s exclusive reports of Lamar's cheating and drug use — the reality star seemed to be moving full steam ahead. But now Khloé and Lamar's divorce has been stalled indefinitely — with lawyers even unsure how to divide the \$5.5 million the couple received on the sale of their house.

What happened? Khloé claims she still has feelings for her estranged husband. "I will never ever not love Lamar," the 30-year-old recently said. "He was my husband, and I still wish he was, and I don't think there's anything wrong with that." But while Khloé may still want to be married to Lamar, *Star* has learned that her reasons are a lot more cynical than "wishing he was her husband." Motivated less by love than by money and revenge, Khloé appears to be stalling divorce proceedings until she gets the sweetest deal possible.

LAMAR IS WORTH A FORTUNE

Khloé's prime motivator: Lamar's full to bursting bank account. While most believe that the NBA star profited big-time from marrying a Kardashian, it was actually the other way around.

Over the course of his career, Lamar, 35, earned \$116 million and now boasts a net worth of \$56 million. Khloé is worth less than half that — and when she met him, she was a good deal poorer. "Khloé saw dollar signs," an insider says of their early days as a couple. And she moved fast. One month after they met, Khloé and Lamar tied the knot — and she promptly convinced him to hand over a large portion of his savings. "Throughout their four-year marriage, he showered her with expensive gifts, including a \$400,000 Rolls-Royce convertible and a brand-new mansion in Tarzana, California," the source notes.

Khloé's family profited too, with Lamar putting up money for her mom **Kris Jenner**'s new house and financing the lavish lifestyle of her sister **Kourtney** and her boyfriend **Scott Disick**. "The entire family pretended to

worship the ground Lamar walked on, but it was because he was footing the bill to fuel their existence," the insider says.

Khloé hopes to wring even more out of him in a divorce, the insider says — explaining that she has her eye on Lamar's Miami mansion. But she's learned that takes time. "She can stay married to him for the next five years if she has to," the insider says. "She's in no hurry."

HE BROKE HER HEART AGAIN

Khloé also has more personal reasons for wanting to make Lamar pay. As the insider reveals, she genuinely loved him — and was heartbroken to learn that he'd been cheating on her with several different women. In the back of her mind, she was hopeful that they could reconcile and was even

Lamar's Ex Factor

Lamar lived with **Lara Manoukian** and had been dating her on and off for seven years when he met Khloé. But while Khloé did win him away temporarily, she was furious when friends recently spotted Lamar enjoying a romantic sushi date with Lara — at the same time that she was trying to reconcile with him. "It sent Khloé over the edge," an insider says.

AN OLD FLAME RETURNS!

secretly hooking up with him as recently as February. She was devastated upon learning that Lamar was two-timing her once again, this time with ex **Lara Manoukian**. "It seems weird, but Khloé was hoping that filing for divorce would make Lamar wake up and realize he needs her," the insider says. "That didn't work."

But even if Khloé doesn't win Lamar's love, she may indeed walk off with his money. "Lamar is afraid to fight back against Khloé in divorce court because she is holding something over his head," the source says of Khloé, who — as *Star* first reported — had Lamar followed by a private detective during the unhappiest days of their marriage. "Everyone believes that all Lamar's problems have been made public, but that is not the case." ★

According to the *New York Post*, a friend of Bobby's estranged wife claims Stephanie discovered shortly after last Thanksgiving that he had been cheating on her with Elyse Tirrell, one of his assistants in New York City. Elyse Tirrell hasn't been Bobby's only rumored illicit love interest. A Food Network insider tells *Star* there "were always whispers about the closeness" between him and his fellow network superstar, sexy Giada De Laurentiis. Last Dec. 27 — two days before she publicly announced her breakup from husband Todd Thompson on her Facebook page — Giada and Bobby were spotted that evening having a secluded, casual meal together in Miami, which he later claimed was a "quick dinner" between "old friends" after a work event. Now a photo has emerged from the NYC Food and Wine Festival in October 2013 — while they were both still "happily" married — that shows Giada draped all over Bobby during what appears to be some downtime during the event.

IN February 2001, restaurateur and up-and-coming TV chef **Bobby Flay** asked his friend, *Law & Order: SVU* star **Mariska Hargitay**, to set him up on a blind date with her sexy costar **Stephanie March**. The match was made, and, as Stephanie later recalled, "The only thing I knew was that [Bobby] was a womanizer. But I thought, 'Even if it's a disaster, I'm going to have a fantastic meal!'"

Unfortunately for Stephanie, 40, her tongue-in-cheek comment seems to have become prophetic. She ended up tying the knot with Bobby in 2005 (her first marriage; his third), and in the years since, she's had to deal with rumors of her husband having a wandering eye for *Mad Men* beauty **January Jones** and Food Network bombshell **Giada De Laurentiis**. On April 10, seven weeks after their 10th wedding anniversary, Bobby filed for divorce in NYC — and now a new report claims he had been cheating on Stephanie for three years with one of his young female assistants.

KITCHEN RANGE ROVER

According to allegations in the *New York Post*, a longtime friend of Stephanie's is claiming that chef Bobby, 50, has been having an affair with Elyse Tirrell, 29, an aspiring singer and actor who got a job in 2008 as a hostess at his upscale NYC restaurant Bar Americain and became one of Bobby's assistants four years later.

"[Stephanie] came to my house and was sobbing uncontrollably" after she found out shortly after last Thanksgiving,

claims the actress' friend, Maia Madison, according to the *Post*. "She said, 'I can't believe the last 10 years of my life have been a lie.' Elyse had always seemed so nervous when Stephanie came to one of the restaurants, and Stephanie, not knowing what was happening, went out of her way to compliment her and try to make her comfortable. Elyse had even been to Stephanie's home when she was there — and when she wasn't."

CLOSER THAN CLOSE

Elyse and three other young women are listed on Bobby's official website, BobbyFlay.com, as members of "The B-Team" — his "indispensable [he said it, not us!] assistants, working with him on books, recipes, TV shows, racehorses, product development, travel plans and everything in between." Elyse is described on the website as "a girl with many hats (worn at a jaunty angle, of course)...the master scheduler, maintaining Bobby's ever-changing, always challenging, never-empty calendar."

Bobby had his B-Team by his side, according to the *Post*, when he attended Miami's South Beach Wine & Food

Festival this past February — during his and Stephanie's 10th wedding anniversary. He then went directly to a five-week shoot in Los Angeles, and when he finally returned to their NYC home, Stephanie asked him to move out.

**"Bobby's

reputation
of being
a serial
womanizer!"**

— a source tells *Star*

BATTLEGROUND

Shortly after Bobby filed for divorce, it was reported that he and Stephanie were at odds over their 2005 prenup, by which Bobby — who's worth more than \$20 million — allegedly would pay her \$5,000 a month.

A rep for Bobby claimed Stephanie's camp gave the cheating story to the *Post* in an attempt to force a renegotiation of

the existing prenup and added: "This specific allegation was in a letter sent from one attorney in this case to the other. It was written and then leaked specifically to try to insert this story into the press, and that's unfortunate."

Still, the *Post* quotes Maia Madison (who also claims Stephanie and Bobby tried a marriage therapist), "Stephanie told me, 'I wasn't asking for much. I would have stayed if he had given me one date night a week and tulips on our anniversary.'" ★

Kate & George Bonding Before Bab

GORGEOUS Prince George is savoring every moment of his last days as an only child. On a recent excursion to a playground and petting zoo with his very pregnant mom, **Kate, Duchess of Cambridge**, the 21-month-old seemed to be having a ball — and Kate, 33, who is expecting her second child with **Prince William**, had almost as much fun as her son!

Despite a chill in the air, mother and child (along with several bodyguards) were spotted at Snettisham Park near their 10-bedroom country home, Anmer Hall, in Norfolk, England. “It was so sweet,” says a witness. “She called him ‘Georgie’ and was encouraging him to play with all the other children there. There were some older girls — like, 6 or 7 years old — he was particularly taken with, and he even ran over to hug them.”

The tiny future King of England enthusiastically explored every corner of the jungle gym and was thrilled to jump into the sandbox and onto the miniature tractor inside. When Kate finally told him it was time to leave, the smallest royal tried to pull rank. “He said ‘No!’” laughs the witness. “He was having so much fun, he didn’t want to leave. But Kate was very patient and finally convinced him they would definitely come back soon!” ★

JUST BEFORE SHE WAS DUE TO DELIVER HER SECOND CHILD, DUCHESS KATE TOOK HER ADORABLE FIRSTBORN ON AN OUTING FOR A SPECIAL MOMMY-AND-ME MOMENT.

The little prince was having the time of his life walking on a pile of haystacks.

“Prince George clearly loves to climb,” says a witness. “He took Kate’s hand and led her up the stairs to the slide several times.”

Kate hardly looked due, but a source says it was one of the last days out she could enjoy before giving birth.

PRINCE

"They both laughed every time they came down the slide," says a witness.

George joined other children to bottle-feed a piglet, even greeting the baby animal with an "oink"!

"Kate was so loving and called him 'Georgie.'"

MOVIES

→ ADULT BEGINNERS

Comedian **Nick Kroll** stars as Jake, a hipster entrepreneur whose start-up crashes before it even launches. He escapes New York to the suburban home of his frazzled sister Justine (**Rose Byrne**) and brother-in-law Danny (**Bobby Cannavale**). With few prospects, he's forced to work as a nanny, taking care of his preschool nephew — and that, apparently, is the whole joke. Which was a new idea when *Mr. Mom* came out in 1983. Kroll's in-your-face humor — a blend of snark, narcissism and double entendres — seems tamped down and tamed here. It also feels more like a series of sketches, stitched together with an uninspired plot about Jake learning to care about someone other than himself.

LONG STORY SHORT: Predictable and not very funny.

→ THE FORGER

John Travolta stars in a caper film that has surprising heart and brains. Despite an inconsistent Boston accent, Travolta plays Raymond Cutter — an expert art forger first seen in prison, with 10 months left on his sentence. But his son (**Tye Sheridan**) doesn't have that long to live — so Raymond makes a deal with a crime boss (**Anson Mount**): get him out of prison in exchange for forging a famous Monet painting, then stealing the original and replacing it with the fake. If that isn't tough enough, there's also an FBI agent (**Abigail Spencer**) following his every move. This tale also features **Christopher Plummer** as Travolta's con man father, who has his own opinions (and skills). Travolta gives a quietly powerful performance as a man under pressure, trying not to lose track of what's important: the chance to spend time with his son, despite being squeezed from all sides.

LONG STORY SHORT: A smart and powerful heist flick.

A romantic subplot involves Crowe and Olga Kurylenko, as the owner of the hotel where Crowe stays in Istanbul.

→ THE WATER DIVINER

Russell Crowe directed and stars in this somewhat moving but often clumsy tale set against the backdrop of post-World War I Turkey. Crowe is an Australian farmer who lost all three sons in the 1915 Battle of Gallipoli. Four years later, he goes there to try to find his sons' remains — and ends up being helped by the opposing general. The issues — dealing with grief and reconciliation, honoring the dead — are deep. But the story takes a serious dramatic tale and grafts on an action-thriller escape and formulaic fight scenes that feel more calculated to juice up a trailer than to flesh out the story. Then there's Crowe's character's special and hammy ability: finding water by feeling it, a power that extends to feeling where his sons died on the battlefield. Most of the film is well-meaning but overdone and rarely gets above room temperature.

LONG STORY SHORT: It should make your eyes water, but it won't.

KIRSTEN DUNST
Turns 33 on April 30

By Jennifer Angel

TAURUS APRIL 20–MAY 20

A conversation with someone influential could present a new financial option. At week's end, a situation at home comes to a head; an intense moment can lead the way to a better outcome.

GEMINI

MAY 21–JUNE 20

It's time to seriously consider changes in your life, particularly with love — but fear not, romance is definitely in the air. In business, trust your common sense.

CANCER

JUNE 21–JULY 22

Relationships — with friends, family or lovers — can intensify. Don't allow your self-worth to be in doubt; stand up for what you believe. A passionate connection can get your heartbeat racing.

LEO

JULY 23–AUG. 22

Home and family are highlighted, and if a situation needs to be reconsidered, don't put off making changes. Your work life continues to be busy; get organized.

VIRGO

AUG. 23–SEPT. 22

At home, leave the past where it belongs. When you forgive and forget, you open up to new energy. With love, share a secret to build a closer bond.

LIBRA

SEPT. 23–OCT. 22

Meeting new friends can open creative opportunities and inspiration. On a personal note, even though you are busy, it takes only a moment to stay in touch.

SCORPIO

OCT. 23–NOV. 21

Be prepared to cast out the old to embrace the new — you have a chance to push the reset button, but the choice is yours to make. Stand by for love; you may literally bump into someone amazing.

SAGITTARIUS

NOV. 22–DEC. 21

Prepare to be inspired to do more than what you think is humanly possible. A heart-to-heart discussion is also in the stars — be careful not to sidestep what could be a sensitive conversation. It will end up better than you expect.

This week, it's all about you! Put time aside to look after your own needs. Enjoy a little well-earned pampering to look and feel fabulous! With romance and business fighting for attention, your day-planner will be bursting at the seams.

AQUARIUS

JAN. 20–FEB. 18

Your work life can get a shake-up when a colleague voices surprising support. Avoid making assumptions; wait for the dust to settle and then firm up your game plan. Life is busy, but don't neglect your partner, friends and family.

PISCES

FEB. 19–MARCH 20

Life changes, and it would seem you have your hands full in more than one area. Avoid taking on too much to ensure you have solo time to sort out your priorities. Family may need you, but don't go into fix-it mode — just be there as support.

ARIES

MARCH 21–APRIL 19

An opportunity to make additional cash may come your way, but do your homework. When love and money combine, emotions run high. Clear the air, then you can indulge in romance!

The clinical study on Thermo-Rx® showed an astounding increase in resting metabolic rate that was superior to the findings of previous studies which reported that 10 to 30mg ephedrine - once believed to be the Gold Standard of Weight Loss compounds - increased energy expenditure by 6.6% to 10% (Versus 12%+ Acacia). Thermo-Rx® combined with all the other components in Fastin®-XR was shown in the same double-blind, placebo controlled study to elevate Energy Expenditure (Metabolism) 371% when compared against Caffeine at 3hrs post ingestion and 871% over Placebo at its highest point. Therefore, Fastin®-XR was shown to increase Metabolism more than DOUBLE that of 10 mg Ephedrine in past studies (150% stronger than Ephedrine)!

Star CHECK IT OUT!

WHAT CAUGHT OUR EYE THIS WEEK...

Butt's Up, Christina?

There's something different about **Christina Aguilera**, and it's not her coaching style on *The Voice*. The diva sported a much curvier figure while celebrating the second anniversary of the Hakkasan Nightclub in Las Vegas along with her fiancé, **Matthew Rutler**. It's unknown how Xtina's backside got so much bigger, but fans speculated online that her extra junk in the trunk came from butt implants. Guess what? What a girl wants is what a girl gets! ★

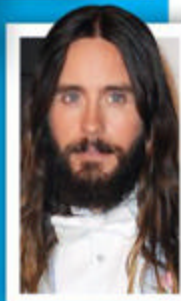

CHEEKY KEEN!

Christina and Matthew strike a pose.

JARED'S A JOKER!

Playing the Joker for the movie *Suicide Squad* is a tough act to follow, considering the last actor to play the part was the late Heath Ledger, who posthumously won an Oscar for the role in *The Dark Knight*. So it's no surprise that fellow Oscar winner **Jared Leto** is being oh-so serious when it comes to looking like the villain. He tweeted this spooky selfie with a drastically altered appearance: shaved eyebrows and beard, and a buzz cut dyed antifreeze green. ★

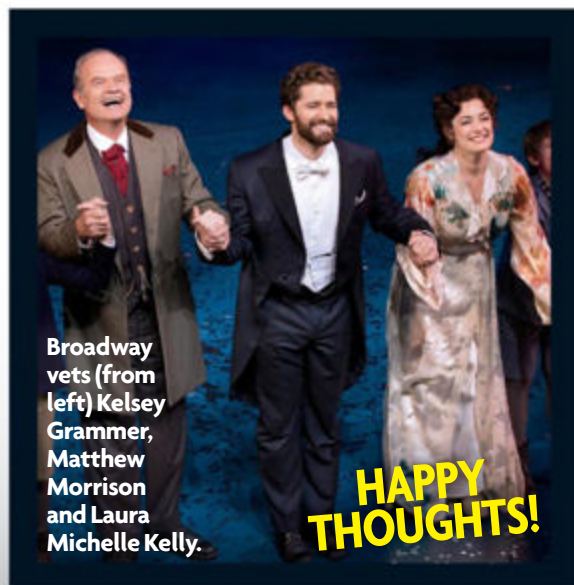

THEATER REVIEW BY MARSHALL FINE

→ FINDING NEVERLAND

Lunt-Fontanne Theatre, New York City

A magical new musical based on the 2004 film that starred **Johnny Depp** arrives on Broadway starring **Matthew Morrison** and **Kelsey Grammer**, and it's an absolute audience-pleaser. Morrison plays the real-life writer J.M. Barrie, one of England's most successful playwrights at the beginning of the 20th century. But his latest play is a flop, and he seems stuck for a new idea — until he is befriended by a family of high-spirited boys. They light the fuse on Barrie's sense of childlike wonder — and he goes on to create *Peter Pan*. With wonderfully imaginative sets and lighting, including a cloudy moonlit London, the play is full of catchy tunes that alternately move and excite the viewer, and the crew of youngsters infuses everything with high spirits. Morrison's smashing voice — and Grammer's sure-handed comic timing (as both a producer and Captain Hook) — infuse the show with energy and emotion.

LONG STORY SHORT: A delightful musical that will entertain the entire family. ★★★★★

CUTS 4 KIDS!

Cozy Friedman knows kids' hair. The owner of two Cozy's Cuts for Kids hair salons since 1994, she's seen it all; but a few years back she discovered a problem: a lack of products for kids ages 2 to 12. "There were products for babies and adults, but nothing to address knots and tangles, cowlick, bed head, frizz, static cling, split ends, all that kind of stuff," says Cozy. "So I created my line, SoCozy." An instant success, SoCozy is now available nationwide in Target retail stores and online. The products, including shampoo, conditioner, styling gel and lice treatments, are all toxin free and contain no synthetic color, wheat, gluten or nuts. As Cozy explains, "Girls or boys, curly or straight hair, it's good for everybody. We have a product to address everyone's needs, whether it's flyaways or lice or knots!" target.com/socozy ★
